The Promise of a Letter-Kathleen Fuller 2017-08-15 A letter brings him back to his Amish family. It will take someone truly extraordinary to make him stay. Roman is on the verge of leaving the Amish ways. Feeling confined by the strict rules, he longs to do something more with his life. But when things don't go as planned, Roman's prospects outside of the community dwindle. Upon learning that his beloved grandmother has died and left a letter urging him to reconcile with his brother in Birch Creek, Roman decides to return home. But he doesn't plan to stay for long. Leanna Chupp has always made her own way in her small community of Birch Creek. Though some may call her unconventional—strange, even—Leanna is happy. Her unique outlook on life has meant she's never had many suitors pursuing courtship, which Leanna doesn't mind. She is content being single. But when Roman and Leanna find themselves working together again, everything changes. Though neither fit squarely within the strictures of the Amish faith, their differences could be the very thing to help them form a deeper connection to their community and to each other. The question remains: will this strengthening bond be enough to make Roman stay for good?

The Surrender of Miss Fairbourne-Madeline Hunter 2012-03-06 A woman defies expectations—including those of an arrogant earl—in the first regency romance in New York Times bestselling author Madeline Hunter's Fairbourne Quartet. Despite the limits of her sex, Emma Fairbourne intends to run her late father's prestigious London auction house. Of course, she's not adleppated enough to do it openly and scare away her wealthy collectors. Instead, she and her friend concoct a deception, hiring a handsome and charming front man who will do her bidding... All would have proceeded smoothly—if it weren't for the maddening interference of Darius, the arrogant Earl of Southwaite, who was her father's "silent partner". Darius has no interest in running an auction house—and he's certainly not interested in allowing the lovely Miss Fairbourne to run it either, her ludicrous scheme notwithstanding. But headstrong Emma is like no other lady he has ever encountered, refusing to follow his dictates. Holding his temper in check, Darius decides to attack on a different front. There is another way to achieve her surrender, one far more pleasurable for both of them...

The Untamed Earl-Valerie Bowman 2016-05-03 AN INDECENT PROPOSAL Lady Alexandra Hobbs, the daughter of the Duke of Huntley, has intended to marry Lord Owen Monroe since she first glimpsed him from the window of her bedchamber, back when she was just a girl. But the duke has already chosen Alex's infamously spoiled elder sister, Lavinia, for Owen. And now there's no turning back. Owen has spent most of his bachelor years drinking, gambling, and skirt-chasing. He won't see another pound from his parents, however, until he's engaged to Lavinia. Desperate, he accepts an offer from her innocent and spirited—and absolutely beautiful—sister Alex: She will turn him into a perfectly tamed suitor, and show him how to woo the shrew. But when Alex's true motives come to light, will their bargain lead to recriminations—or to a romance that defies everyone's expectations? Award-winning author Valerie Bowman once again delivers romance and wit in The Untamed Earl!

Oxidative Stress and Chronic Degenerative Diseases-Jose Antonio Morales-Gonzalez 2013-05-22 This work responds to the need to find, in a sole document, the affect of oxidative stress at different levels, as well as treatment with antioxidants to revert and diminish the damage. Oxidative Stress and Chronic Degenerative Diseases - a Role for Antioxidants is written for health professionals by researchers at diverse educative institutions (Mexico, Brazil, USA, Spain, Australia, and Slovenia). I would like to underscore that of the 19 chapters, 14 are by Mexican researchers, which demonstrates the commitment of Mexican institutions to academic life and to the prevention and treatment of chronic degenerative diseases.

Xeelee: An Omnibus-Stephen Baxter 2010-03-18 Stephen Baxter's epic sequence of Xeelee novels was introduced to a new generation of readers with his highly successful quartet, Destiny's Children, published by Gollancz between 2003 and 2006. But the sequence of novels began with RAFT in 1991. From there it built into perhaps the most ambitious fictitious universe ever created. Beginning with the rise and fall of sub-quantum civilisations in the first nano-seconds after the Big Bang and ending with the heat death of the universe billions of years from now the series charts the story of mankind's epic war against the ancient and unknowable alien race the Xeelee. Along the way it examines questions of physics, the nature of reality, the evolution of mankind and its possible future. It looks not just at the morality of war but at the morality of survival and our place in the universe. This is a landmark in SF.

The Artist's Mind-George Hagman 2010-06-18 For the past century psychoanalysts have attempted to understand the psychology of art, artists and aesthetic experience. This book examines how contemporary psychoanalytic theory provides insight into understanding the psychological sources of creativity, Modern Art and modern artists. The Artist's Mind revisits the lives of eight modern artists including Henri Matisse, Marcel Duchamp, Jackson Pollock and Andy Warhol, from a

psychoanalytical viewpoint. It looks at how opportunities for a new approach to art at the turn of the twentieth century offered artists a chance to explore different forms of creativity and artistic ambition. Key areas of discussion include: developmental sources of the aesthetic sense psychological functions of creativity and art psychology of beauty, ugliness and the Sublime. co-evolution of the modern self, modernism and art. cultural context of creativity, artistic identify and aesthetic experience. Through the examination of great artists' lives and psychological dynamics, the author articulates a new psychoanalytic aesthetic model that has both clinical and historical significance. As such this book is essential reading for all those with an interest in the origins and fate of Modern Art.

Nick Drake-Patrick Humphries 2012-12-17 Nick Drake was barely 26 years old when he died in 1974. The British singer-songwriter made only three albums during his short life time: "Five Leaves Left", "Bryter Layer" and "Pink Moon". All are now recognized as classics. Since his death, Nick has been cited as a seminal influence by stars as diverse as REM, Elton John, Paul Weller, Jackson Brown, Everything But the Girl, Tom Verlaine and Matt Johnson of The The. This biography includes extensive interviews with friends, colleagues and musicians who knew and worked with Nick. It provides an insight into the life and work of Nick Drake, and also the music scene of the 1960s that formed his backdrop. The author's lifelong appreciations of and interest in Nick Drake were further fuelled when he discovered that his uncle Dr James Lusk actually delivered Nick into the world and remained a friend of the Drake family. In the book, he draws on a long letter from Nick's father to Dr Lusk, in which he describes how Nick's mother, discovered Nick's body during the morning of 25 November 1974, following an accidental overdose of prescribed drugs.

Technical, Economic and Institutional Aspects of Regional Spent Fuel Storage Facilities-International Atomic Energy Agency 2005 Countries with small nuclear programmes face a particular challenge in the storage and disposal of spent nuclear fuel, since the costs and complications of providing for storage facilities or geological repositories for relatively small amounts may be prohibitively high. In light of these problems, this publication examines technical, economic and institutional aspects of regional spent fuel storage facilities, based on the results of a series of meetings with participants from IAEA Member States.

The Four and the One-David Rounds 1999 Spotlighting the four women of the Lafayette Quartet, a leading Canadian ensemble, Rounds offers both a comprehensive history of the beloved instrumental form and an inside view of the complex world of professional quartet players, revealing the exultation and heatache that are the performing artists' daily fare. A treat for every music lover, whether player, listener or composer.

Cultivating Spirituality in Leadership-Nancy Doetzel 2006-01-01 Many educators today are challenging the dualism of a disconnected mind and heart approach to leadership and making space for spirituality within leadership practices. More dialogue about the changes that help cultivate a spiritual sensibility is taking place within some school systems. By more openly dialoguing about spirituality at work, educational leaders can rediscover their heart's wisdom, enabling them to view their roles through a fresh lens. In this book, spirituality is defined as a latent inherent truth awakened by contemplation, rituals, peak life experiences and caring acts of kindness; when awakened, spirituality is a sensation of the sacred, a sentiment of hope, a feeling of enthusiasm and excitement, and a heart-felt sense of interconnection with others.

Ultimate Ira Resource-William J. Wagner 2003-12-01

The Empire's Corps-Christopher G. Nuttall 2016-08-23 You Should Never Speak Truth To Power... The Galactic Empire is dying and chaos and anarchy are breaking out everywhere. After a disastrous mission against terrorists on Earth itself, Captain Edward Stalker of the Terran Marine Corps makes the mistake of speaking truth to power, telling one of the most powerful men in the Empire a few home truths. As a result, Captain Stalker and his men are unceremoniously exiled to Avalon, a world right on the Rim of the Empire. It should have been an easy posting... Well, apart from the bandits infesting the countryside, an insurgency that threatens to topple the Empire's loose control over Avalon, and a corrupt civil government more interested in what it can extort from the population than fighting a war. The Marines rapidly find themselves caught up in a whirlwind of political and economic chaos, fighting to preserve Avalon before the competing factions tear the world apart. They're Marines; if anyone can do it, they can. The battle to save the Empire starts here.

No Worse Enemy-Christopher G. Nuttall 2016-09-08 Six months ago, Colonel Edward Stalker and his Marines were abandoned on Avalon, left to fend for themselves as the Empire withdrew from the Rim. Since then, Avalon has been isolated from the settled universe...until now. As a mysterious pirate organisation attempts to take over Avalon, the Marines find themselves struggling against a shadowy figure with dreams of power, while a young civilian is kidnapped and press-ganged into a pirate crew. They're fighting to preserve something of the Empire's order in the wake of its departure, but the pirates appear to have far greater resources and a plan that seems unstoppable. The Empire is gone. What will take its place?
