Robert Ludlum's (TM) The Utopia Experiment-Kyle Mills 2013-03-26 With U.S. intelligence agencies wracked by internal power struggles and paralyzed by bureaucracy, the president has been forced to establish his own clandestine group--Covert-One. It's activated only as a last resort, when the threat is on a global scale and time is running out. THE UTOPIA EXPERIMENT When Dresner Industries unveils the Merge, a device that is destined to revolutionize the world and make the personal computer and smartphone obsolete, Covert-One operative Colonel Jon Smith is assigned to assess its military potential. He discovers that enhanced vision, real-time battlefield displays, unbreakable security, and near-perfect marksmanship are only the beginning of a technology that will change the face of warfare forever--and one that must be kept out of the hands of America's enemies at all costs. Meanwhile, in the mountains of Afghanistan, CIA operative Randi Russell encounters an entire village of murdered Afghans--all equipped with enhanced Merge technology that even the Agency didn't know existed. As Smith and Russell delve into the circumstances surrounding the Afghans' deaths, they're quickly blocked by someone who seems to have access to the highest levels of the military--a person that even the president knows nothing about. Is the Merge really as secure as its creator claims? And what secrets about its development is the Pentagon so desperate to hide? Smith and Russell are determined to learn the truth. But they may pay for it with their lives . . .

An Independent Woman-Betty Neels 2009-02-01 Julia Gracey has always lived by the rule that women should stand on their own two feet. But whenever there's a problem, Professor Gerard van der Maes always seems to be on hand with the perfect solution! Gerard seems determined to steal Julia's heart--yet she's just as adamant that he won't take over her life. But when Julia is about to lose her home, Gerard offers one final proposition that she finds impossible to resist--marriage!

Special Edition Using Director 8.5-Gary Rosenzweig 2001 Gary Rosenzweig introduces the multimedia authoring platform Macromedia Director 8.5. He lays a solid foundation so that the reader can learn the software's advanced 3-D functionality. Special attention is given to Director's 3D API.

Vitamina-Catherine Price 2016-04-12 In Vitamina, award-winning journalist Catherine Price takes readers on a lively journey through the past, present and future of the mysterious micronutrients known as human vitamins -- an adventure that includes poison squads and political maneuvering, irradiated sheep grease and smuggled rats. Part history, part science, part personal exploration, Price's witty and engaging book reveals how vitamins have profoundly shaped our attitudes toward eating, and investigates the emerging science of how what we eat might affect our offspring for generations to come.--AMAZON.

The Dark Gnu and Other Poems-Wendy Videlock 2013-01-31 Wendy Videlock's The Dark Gnu and Other Poems plays, jokes, teaches, admonishes, yields to the ecstatic, and strays into the shadowy where "If not for the dark, / no / spark." All of this is heightened by striking full-color illustrations from the author herself. There are stories that come and go in a couple of blinks, and stories that linger and juggle their way from hut to the market, to the fair, on a "swaying dappled mare," to get to all the good to be had or done. Mother Goose, myth, folklore, chants, lyrics and narratives are well-represented. LikeNevertheless, Videlock's first collection also from Able Muse Press, The Dark Gnu abounds with fun, quirks, wit, and wisdom, but this time to enchant and enlighten children of all ages. PRAISE FOR THE DARK GNU AND OTHER POEMS: Wendy Videlock's poems contain laughing pears, rhyming coyotes, and jaded wind. In reading this book, I found myself laughing and gasping in equal measures. And cursing, as well, because Videlock is so damn good and I'm so damn jealous of her talent. She is one of my very favorite poets. --Sherman Alexie Reminiscent in some ways of Shel Silverstein's classic collections, Videlock's new book, The Dark Gnu and Other Poems, supplements sly whimsy with mystery and a hint of tragedy. These poems remind readers "of all inconceivable ages" that not all problems have solutions and that some narratives end in mystery rather than in resolution. The Dark Gnu is enhanced by the author's illustrations that

deepen the allure of the poems. The voice is unmistakably Videlock's, but in this new collection we hear the echoes of Lewis Carroll and Edward Gorey. These are the sorts of poems that children will demand to hear again and again and that parents will want to recite to each other and to their friends. --Jeremy Telman

The Tamil Veda-John Carman 1989-05-16 In this multifaceted work, John Carman and Vasudha Narayanan clarify historical developments in South Asian religion and make important contributions to the methodology of textual interpretation and the comparative study of world religions.

Middle Management Survival Guide-Kevin Robert McMahon 2008 Middle Management Survival Guidec is intended to be a survival guide for anyone who calls him or herself a middle manager. All too often the wisdom that flows to the middle managers of this world descends from the lofty heights of academia. By point of contrast, Middle Management Survival Guide c flows from the trenches where middle managers carry out their craft. It is a book grounded in common sense and aimed at creating a world-view and mindset for middle managers that will enable them to better combat the daunting forces arrayed against them. From the perspective of a middle manager this survival guide describes the impossibility of the workplace and the paucity of the tools traditionally available to managers. Most importantly this book provides specific strategies, attitudes and values that will help managers maintain balance and sanity while improving their overall performance as managers. The author has worked as a middle manager for the past twenty years. Tasting both the sweet fruit of success as well as the bitter gall of failure he has acquired a unique insider's view of the daunting task faced by those who call themselves middle managers.

Social Cognitive Radio Networks-Xu Chen 2015-01-19 This brief presents research results on social cognitive radio networks, a transformational and innovative networking paradigm that promotes the nexus between social interactions and cognitive radio networks. Along with a review of the research literature, the text examines the key motivation and challenges of social cognitive radio network design. Three socially inspired distributed spectrum sharing mechanisms are introduced: adaptive channel recommendation mechanism, imitation-based social spectrum sharing mechanism, and evolutionarily stable spectrum access mechanism. The brief concludes with a discussion of future research directions which ascertains that exploiting social interactions for distributed spectrum sharing will advance the state-of-the-art of cognitive radio network design, spur a new line of thinking for future wireless networks, and enable novel wireless service and applications.

Feng Shui-Chloe Anderson 2014-02 Learn how to use Feng Shui in the office using this book, a method of achieving harmony and acquiring energy through the placement of objects or layout of a room. While there are Feng Shui schools that teach the art of Feng Shui placement, it isn't necessary to have any Feng Shui training in order to arrange an office for more positive energy. Feng Shui can be employed in any office from a home office to a cubicle in order to increase harmony, reduce stress and increase the amount of energy and calm you have while on the job. The basic principles of Feng Shui are based on traditional Chinese methods of achieving balance and harmony. These basic Feng Shui tips for the office can be used to balance your work life for a better sense of calm. Pick up a copy of Feng Shui: Organizing the Home and Office by Chloe Anderson to learn much more.

Aging And Ethics-Nancy S. Jecker 2012-12-06 The Aging Self and the Aging Society Ethical issues involving the elderly have recently come to the fore. This should come as no surprise: Since the turn of the century, there has been an eightfold increase in the number of Americans over the age of sixty five, and almost a tripling of their proportion to the general population. Those over the age of eighty-five- the fastest growing group in the country- are twenty one more times as numerous as in 1900. Demographers expect this trend to accelerate into the twenty-first century. The aging of society casts into vivid relief a number of deep and troubling questions. On the one hand, as individuals, we grapple with the immediate experience of aging and mortality and seek to find in it philosophical or ethical significance. We also wonder what responsibilities we bear toward aging family members and what expectations of others our plans for old age can reasonably include. On the other hand, as a community, we must decide: What special role, if any, do older persons occupy in our society? What constitutes a just

distribution of medical resources between generations? And, How can institutions that serve the old foster imperiled values, such as autonomy, self-respect, and dignity? Only recently have we begun to explore these themes, yet already a rich and fruitful literature has grown up around them.

Rafe's Revenge-Anne Stuart 1992 Rafe's Revenge by Anne Stuart released on Jul 24, 1992 is available now for purchase.

A Dozen Fairy Dresses-Tennant Redbank 2010 With the Purple Moon Night Ball approaching, Hem, a talented seamstress, has big dreams of creating a beautiful new dress until all the other fairies ask her to make new dresses for them.

The Hospital for Sick Children Handbook of Supportive Care in Pediatric Oncology-Oussama Abla 2010-10-22 The Handbook for Supportive Care in Pediatric Oncology provides a practical approach to the clinical management of problems unique to childhood cancer and its therapy. It is expertly written by thirty-two pediatricians and allied health care professionals, and features 19 concise chapters organized alphabetically by organ system. Topics unique to this handbook include state-of-art information on the management of chemotherapy induced nausea, practical approaches to abdominal pain, and common psychiatric issues in pediatric oncology. An essential resource for all pediatric residents, fellows, practicing physicians, and nurse practitioners, this handbook is a comprehensive yet concise reference to the specific acute complications of pediatric cancer, hematologic emergencies, symptom management, and cancer therapy.

The Hidden Power of Adjustment Layers in Adobe Photoshop-Scott Valentine 2013-12-19 Photoshop's adjustment and fill layers give you an amazing level of control and are the building blocks of innumerable techniques. In this definitive resource, Scott Valentine demonstrates how to use these simple but powerful tools through approachable hands-on examples, and he calls on other Photoshop experts to share their techniques. Whether you're a professional or hobbyist, you'll learn techniques that give you an edge in technical, personal, and commercial projects. Beginning and intermediate users of Photoshop will learn how adjustment and fill layers work and get up to speed on the most common techniques. Advanced users will find indispensable reference material in addition to speedy solutions to vexing problems. More than just a collection of effects and recipes, The Hidden Power of Adjustment Layers in Adobe Photoshop explains why the techniques work and how to tune them for your specific needs. Powerful tips and techniques from industry experts, including Katrin Eismann, Pete Collins, and Corey Barker Straightforward teaching style from a veteran Photoshop user Richly illustrated with examples of over two-dozen techniques covering photography, compositing, and illustration Quick-reference guide to every fill and adjustment layer with before-and-after images for easy comparison Downloadable reference files and actions to explore and enhance your creativity (on the companion website)

Blue Ocean Consulting-Francis Nzeutem 2015-01-09 Francis Nzeutem, author of the famous memoir From the Streets to Wall Street is back with another literary mentorship in his new book BLUE OCEAN CONSULTING: 25 SKILLS THAT EVERY CONSULTANT SHOULD ABSOLUTELY MASTER. Inspired by the works of W. Chan Kim and Renee Mauborgne, Mr. Nzeutem has become the master of every career arena he's ever entered. He's a businessman who knows the score and encourages the reader to do the same if they want to see the maximum ROI (Return On Investment) in their businesses. Unlike many business guides, BLUE OCEAN CONSULTING doesn't skim the surface, but delves deep into key success points with fresh perspective and solid instruction that can help revive a floundering business, enhance an established business or provide a solid foundation for a start-up. From self-management to crisis management, Mr. Nzeutem walks you step-by-step through his proven blueprint for a healthy, successful business. One gem Mr. Nzeutem shares sparkles brighter than any other: don't be a Jack-of-All-Trades and the master of none! BLUE OCEAN CONSULTING exposes the reader to skill sets vital to the prosperity of their consultancy. This concise compendium is the ultimate manual for creating and growing a successful business. Your company is too important and your clients are too valuable for you not to get the best education, resources and mentors in your industry—and the best is Mr. Francis Nzeutem. Don't wait—get your copy today—your business can't afford another day without this book!

Fenland Chronicle-William Henry Edwards 1980-12-11

How to Work with Sex Offenders-Rudy Flora 2014-01-14 How to Work with Sex Offenders is the first complete manual available on the subject for professionals who deal with this population. This user-friendly, comprehensive resource presents new data that will give you techniques for effectively interviewing sex offenders and outlines innovative treatment options in an understandable way, but that is just part of what makes this book unique. How to Work with Sex Offenders walks you through the criminal justice, human services, and mental health systems as applied to sex offenders from start to finish—you'll learn what happens to the offender from the point when he/she is apprehended, through prosecution, adjudication, and treatment. To view an excerpt online, find the book in our QuickSearch catalog at www.HaworthPress.com.

Friendlyvision-Ralph Engelman 2011-04-12 Fred Friendly (1915--1998) was the single most important personality in news and public affairs programming during the first four decades of American television. Portrayed by George Clooney in the film Good Night and Good Luck, Friendly, together with Edward R. Murrow, invented the television documentary format and subsequently oversaw the birth of public television. Ralph Engelman's biography is the first comprehensive account of Friendly's life and work. Juggling the roles of producer, policy maker, and teacher, Friendly had an unprecedented impact on the development of CBS in its heyday, wielded extensive influence at the Ford Foundation under the presidency of McGeorge Bundy, and trained a generation of journalists at Columbia University during a tumultuous period of student revolt. Drawing on private papers and interviews with colleagues, family members, and friends, Friendlyvision is the definitive story of broadcast journalism's infamous "wild man," providing crucial perspective on the past and future of American journalism.

SMS 2003 Administrator's Reference-Ron D. Crumbaker 2007-02-05 Systems Management Server (SMS) 2003 is Microsoft's centralized administration tool that IT departments use to remotely deploy applications, apply security patches, and provide IT hardware and software inventory management and asset control Each chapter features a task and an outline for what is to be accomplished, along with the functionality that is required, the tools or scripts that are necessary, and the ideal results A common environment is presented throughout the text to allow readers to become familiar with it as they advance through the chapters Featured tasks include standardizing and replicating site settings, hardware and software inventory, software metering, reporting software updates, and troubleshooting

Relapse Prevention for Sexual Harassers-Kirk A. Brunswig 2002-08-31 In our time, sexual harassment has been revealed as a pervasive problem with far-reaching management, legal, and personal implications. While treatment is often mandated through the courts, arbitration, or employers, Relapse Prevention for Sexual Harassers is the first volume specifically devoted to describing effective interventions. Theoretically and empirically based, this clinical manual conceptualizes sexual harassment as a form of sexual abuse, and presents a treatment program based on the tested principles of relapse prevention. Using a stepped care approach, it describes how misinformation about sexual harassment impacts the harasser, and describes how to work with cognitive distortions, seeming irrelevant decisions, high-risk situations and lifestyle balance and myth acceptance and details specific interventions for these problems. Geared for the mental health clinician, and a useful resource for the human resources professional, this manual emphasizes skills and techniques as well as providing abundant examples from case transcripts. The interventions it presents can be also be applied to a range of psychological problems.

Media Literacy in Schools-Andrew Burn 2007-05-22 Includes CD-Rom 'Intriguing and timely...I whole heartedly recommend this text to teacher educators and their trainees, certainly across English and the Arts, but arguably to all engaged in considering critical pedagogy across the curriculum' - ESCalate `This is a very timely book, firmly rooted in authentic, albeit visionary, classroom practice, that has much to offer to teachers of all subjects, but should be particularly welcomed by English and media colleagues' - English Drama Media `Heaving with ideas...outstanding lesson ideas and inspiring work from students' - The Secondary English Magazine `I really enjoyed working my way through this book...The book is accompanied by a DVD organised into chapters which correspond to those in the book, and it was great to see the ideas and schemes referred to in the text come alive. The schemes have been included which makes it even easier to adapt the work to fit the technology and resources available in your own school..All teachers of media would benefit from browsing this book' - Learning & Teaching Update This book is for secondary English, Media, and ICT teachers who want to develop practical media work and media literacy across the curriculum. It is ideal for secondary English and media teachers and curriculum leaders in secondary schools, as well as ICT teachers and co-ordinators, PCGE English/Media students, and researchers working on media, English and ICT projects. A range of case studies are presented which show how digital media work, from video editing to computer game authoring, can be developed in schools, drawing on children's own cultural knowledge. It also shows the benefits of such projects in terms of learning outcomes and

increased self-esteem for a range of learners. The book comes with a CD-Rom of children's work from the various case study projects, exhibiting the high standard of moving image work, animations and computer games that can be produced with the help of this text. With an integrated approach drawing together practice, theory and research, the book will help teachers to plan for and develop their own media projects in school. It offers advice on integrating media work across the curriculum (in English and media classes as well as in ICT and citizenship), and presents a model of progression which shows how learning can develop from the first years of secondary school through to GCSE level. In line with current government initiatives to open up curriculum boundaries, the book shows how to plan for longer periods of time for these projects.

Naval Stores- 1921

Sorting Out the Web-Candy Schwartz 2001 Search engines, subject gateways, descriptive metadata, Web cataloging--everyone is looking for ways to support information discovery and retrieval on the Internet. To become full partners in new digital access ventures, library and information professionals need to be familiar with effective tools and strategies, and need to make decisions about what is appropriate for different resources, settings and communities. This book takes a look at what has been done in providing subject access to networked resources, and what is around the corner. Accompanied by ample illustrations and complementary online material, topics include: Metadata, as a potentiator of subject description; classification schemes and directories; alphabetical subject engines in all their variety; and trends in subject description and access. A book directed to information professional, educators, and students involved in Web design, cataloging, indexing, reference, and information retrieval.

Raja Yoga Explained-Sanjay Tewani 2014-05-09 If you are interested in learning about yoga and are not sure where to begin, you can start with a form of yoga known as raja yoga. "Raja Yoga Explained: Yoga for Beginners Guide" is a book that was written to explain all the main aspects of raja yoga. It is not just a mere glance at the topic but it is an in-depth explanation of the tenets that govern this type of yoga. The main aim that the author has it to explain all the main aspects of raja yoga also that the reader not only has a better understanding of this type of yoga but a better understanding of yoga as a form of this mental, physical and spiritual practice.

It's Just Sex-Jeff Gould 2011 With the kids away, three married couples get together for an evening of relaxation and laughs. But as the liquor flows and secrets are revealed, trust is tested and boundaries are broken.

Pain-Eileen Mann 2008-11-24 One of the most challenging situations for nurses is to see patients in pain but be unable to provide effective help. In this authoritative text, the authors examine the many issues surrounding pain, including how it can be assessed, how it affects the individual and how it can be managed, and guides the reader towards strategies for ensuring the patient's comfort. In a simple, coherent and thought-provoking fashion, this fully revised edition addresses: the nurse's role in pain control in light of their ever-changing responsibilities, such as non-medical prescribing and patient education recent developments in care, including the use of pain assessment tools and new post-operative techniques pain management in community and hospital settings. As well as providing information about current practice, Pain features case studies, reflective activities and multiple choice questions to engage and interest the reader. It makes stimulating reading for all healthcare practitioners.

Atlas of Pediatric Cardiac CTA-Randy Ray Richardson 2014-07-08 Atlas of Pediatric Cardiac CTA is a concise visual guide to the imaging of congenital heart disease in infants and children. The book focuses on the utilization of cardiac CTA imaging for pediatric patients as distinct from adult patients, with an emphasis on techniques for retrospective and prospective scanning, reduction of the radiation dose, and CT data processing and analysis. It also describes cardiac CTA evaluation search patterns to assess the complex anatomy in congenital heart patients. As pediatric patients often present with multiple findings, separate chapters are devoted to the major structures of the cardiovascular system, accompanied with extensive imaging examples of the atria, ventricles, great vessels, coronary arteries, lungs and airways, and the situs. The book concludes with a review of shunts, procedures, and surgeries used in the management of this disorder. Atlas of Pediatric Cardiac CTA is a valuable resource for radiologists, cardiologists, and other clinicians involved in the care of pediatric patients with congenital heart disease.

Agribusiness Management-Jay T. Akridge 2012 Agribusiness Management uses four specific approaches to help readers develop and enhance their capabilities as agribusiness managers. First, this edition of the book offers a contemporary focus that reflects the issues that agribusiness managers face both today and are likely to face tomorrow. Specifically, food sector firms and larger agribusiness firms receive more attention in this edition, reflecting their increasing importance as employers of food and agribusiness program graduates. Second, the book presents conceptual material in a pragmatic way with illustrations and examples that will help the reader understand how a specific concept works in practice. Third, the book has a decision-making emphasis, providing contemporary tools that readers will find useful when making decisions in the contemporary business environment. Finally, Agribusiness Management offers a pertinent set of discussion questions and case studies

that will allow the reader to apply the material covered in real-world situations.

Tough Guy-Eddie Maloney 1997-01-27 Mob guys liked Eddie Maloney. They thought he was crazy, but knew he was the best. As a contract thief and enforcer, he moved in the same circles as John Gotti, Joey Gallo, Vinnie "The Chin" Gigante and the Lucchese family. Eddie was loyal, did what he said he would do, and kept his mouth shut. Jesus Christ to the Rescue-Catherine MacKenzie 2012 Jesus Christ came into the world to find his people and to save them from sin. He wanted to help them know God his Father. Jesus Christ has come to the rescue - he's not just a hero - he's more than that. He's a Saviour and he has come to the rescue for children just like you.

The Pied Pipers of Rock 'n' Roll-Wes Smith 1989 Looks at the lives and careers of Alan Freed, Dick Biondi, Hunter Hancock, Zenas Sears, Jocko Henderson, John R. Richbourg, Gene Nobles, Hoss Allen, and Wolfman Jack L'Union européenne, acteur de la sécurité mondiale-Anne Deighton 2007

Advances in Social Media Analysis-Mohamed Medhat Gaber 2015-06-05 This volume presents a collection of carefully selected contributions in the area of social media analysis. Each chapter opens up a number of research directions that have the potential to be taken on further in this rapidly growing area of research. The chapters are diverse enough to serve a number of directions of research with Sentiment Analysis as the dominant topic in the book. The authors have provided a broad range of research achievements from multimodal sentiment identification to emotion detection in a Chinese microblogging website. The book will be useful to research students, academics and practitioners in the area of social media analysis.

Dinosaur Origami-Fernando Gilgado Gomez 2015-06-11 The most phenomenal discovery of our time becomes the greatest adventure of all time. Now you can create your very own Jurassic Park in the comfort of your home! Dinosaur Origami is a delightful and amusing collection of origami dinosaurs that will appeal to children and adults alike. Prehistoric favourites include a brooding Brontosaurus, a feisty triceratops and a ravaging Pterosauria. A menacing T-Rex would impress the most discerning pint-sized Paleontologist. A brief profile accompanies each project to make the learning process fun and easy whilst thorough step-by-step instructions guide through the fold process from start to finish. In addition to dinosaurs, other projects in the book include ancient palm trees, Neanderthal Man, a volcano and fire. For those new to origami, a section about paper and folding symbols make the process a breeze. A classification chart and dateline will keep you current and on top of your dinotrivia, handy origami sheets at the back of the book means you have everything you need at your finger tips. With a bounty of fun-loving projects and vibrant photographs, the projects are not just folded forces of nature, but origami favourites which are destined classics. Suffice to say, it's dino-mite!

Nursing Leadership and Management-Elaine L. La Monica 1986

Emergency Radiology-David Schwartz 1999-10-21 In the emergency department, consistent and accurate

interpretation of radiographs is vital for the care of the acutely ill or injured patient. Written by emergency physicians for emergency physicians, this new title conveys the information required to interpret routine radiographic studies with the signposts for quick and accurate diagnosis. The book organizes the crucial and most

elemental information, combining clear instructional figures and tables with clinically relevant text. High quality radiographs are accompanied by line drawings which more clearly define the anatomy as seen in the image.
