Sláine-Pat Mills 1997

Therapeutic and Nutritional Uses of Algae-Leonel Pereira 2018-01-29 Algae have been used since ancient times as food, fodder, fertilizer and as source of medicine. Nowadays seaweeds represent an unlimited source of the raw materials used in pharmaceutical, food industries, medicine and cosmetics. They are nutritionally valuable as fresh or dried vegetables, or as ingredients in a wide variety of prepared foods. In particular, seaweeds contain significant quantities of protein, lipids, minerals and vitamins. There is limited information about the role of algae and algal metabolites in medicine. Only a few taxa have been studied for their use in medicine. Many traditional cultures report curative powers from selected alga, in particular tropical and subtropical marine forms. This is especially true in the maritime areas of Asia, where the sea plays a significant role in daily activities. Nonetheless, at present, only a few genera and species of algae are involved in aspects of medicine and therapy. Beneficial uses of algae or algal products include those that may mimic specific manifestations of human diseases, production of antibiotic compounds, or improvement of human nutrition in obstetrics, dental research, thallassotherapy, and forensic medicine.

The Innocent Mage-Karen Miller 2011-12-01 "The Innocent Mage is come, and we stand at the beginning of the end of everything." Being a fisherman like his father isn't a bad life, but it's not the one that Asher wants. Despite his humble roots, Asher has grand dreams. And they call him to Dorana, home of princes, beggars?and the warrior mages who have protected the kingdom for generations. Little does Asher know, however, that his arrival in the city is being closely watched by members of the Circle, people dedicated to preserving an ancient magic. Asher might have come to the city to make his fortune, but he will find his destiny.

Judge Dredd-Neal Barrett 1995 A novelization of the futuristic film, Judge Dredd. In the 3rd Millennium the new guardians of society are the Judges, powerful products of the merging of the legal and police systems. Judge Joseph Dredd dispenses both justice and punishment in a world of warring nations and violent humanity.

The Awakened Mage-Karen Miller 2011-12-01 "The evil foretold has risen ... and we are all that stands between it and the end." Asher has come a long way for a fisherman's son. Together with his friend Prince Gar, he has defended their kingdom against its bitterest enemy, but at great cost. Now, the evil mage Morg is preparing for his most deadly assault. Desperate, trapped in a broken body, Morg has little time and fewer scruples. And he has a plan. As Gar and Asher unwittingly fall into a dangerous deception, Morg gets ever closer to his goal. And this victory would be particularly sweet?for who better to destroy the kingdom than the two who would give anything to save it?

In a Vain Shadow-James Hadley Chase 1951

A short treatise on the game of whist-Edmond Hoyle 1750

Lady of Light and Shadows-C. L. Wilson 2010-07-20 "I love this book."

—Christine Feehan The incomparable C.L. Wilson brings her phenomenal Tairen Soul novels to Avon Books! Lady of Light and Shadows is the second book in the epic romantic adventure that combines sweeping fantasy with breathtaking paranormal romance. USA Today and New York Times bestseller C. L. Wilson continues the stirring, magical romance of Ellysetta, the woodcutter's beautiful daughter, and the tormented Fey King Rain, as darkness rises up all around them, determined to destroy their love and their world.

Language Hacking German-Benny Lewis 2017-11-14 It's true that some people spend years studying German before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of German, #LanguageHacking shows you how to learn and speak German through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks - shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that

you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more.

Physiological Aspects of Digestion and Metabolism in Ruminants-T. Tsuda 2012-12-02 This volume is comprised of invited papers presented at the Seventh International Symposium on Ruminant Physiology, held in Sendai, Japan, in September 1989. Papers are invited on the recommendations of 300 international experts. The proceedings of this symposia provides the most comprehensive coverage available of current research in ruminant physiology.

Fashion in Paris-Octave Uzanne 1898

Mad about the Girl-Jean d' Ormesson 1988

Lady Fiasco-Kathleen Baldwin 2004 When a battle-weary lord becomes reacquainted with a mischievous minx from his childhood, he finds himself falling in love. Original.

The Anti-witch-Jeanne Favret-Saada 2015 The anti-witch—first published in 2009 under the title Désorceler—is Jeanne Favret-Saada's third and concluding monograph on witchcraft in the Bocage (West France). This first English edition (translated by anthropologist Matthew Carey) presents a synthesis of ethnographic theory and psychoanalytic revelation, wherein the line between researcher and researched is blurred if not erased. At once classic and state-of-the-art, The anti-witch develops the contours of an anthropology of therapy, while methodologically and epistemologically engaging what it means to be caught in the logic of witchcraft. Through an intimate and provocative sharing of the ethnographic voice with one Mme. Flora—a “dewitcher” and one of Favret-Saada's interlocutors for two years—The anti-witch delivers a critical challenge to common anthropological chestnuts like 'affect' and participant observation. Of interest to practioners of psychoanalysis and anthropologists who work on themes of magic and witchcraft, trauma and therapy, religion and belief, this new edition—with a foreword by anthropologist Veena Das—is also certain to bring a whole new generation of scholars into conversation with the work of one of France's most brilliant anthropologists. 1st Edition Publication Data (French Original): 2009. Désorceler. Paris: Éditions de L'Olivier. ISBN: 978-2879296395

Empress-Karen Miller 2008-04-01 In a family torn apart by poverty and violence, Hekat is no more than an unwanted mouth to feed, worth only a few coins from a passing slave trader. But Hekat was not born to be a slave. For her, a different path has been chosen. It is a path that will take her from stinking back alleys to the house of her God, from blood-drenched battlefields to the glittering palaces of Mijak. This is the story of Hekat, precious and beautiful. A new fantasy trilogy of power and politics, treason and betrayal, and the rise and fall of Empires ...

Morphometrics for Nonmorphometricians-Ashraf M.T. Elewa 2010-06-09 This introduction to morphometrics does not rely on complex mathematics and statistics. It includes application case studies in fields ranging from paleontology to evolutionary ecology, and it discusses software for analyzing and comparing shape.

Layout Index-Jim Krause 2001-04-16 Idea Index kick-started a revolution in graphic design books, unique in size, feel—and most important—wealth of ideas. Layout Index is the next step, a compendium of layout idea-generators that will help designers explore multiple possibilities for visual treatments each time they turn the page. The visual and textual suggestions are divided into eight major areas, including newsletters, flyers, posters, brochures, advertising, stationery, page layout, and Web pages.

If He's Wicked-Hannah Howell 2009-06-01 She Saves His Life. . . For Chloe Wherlocke, it all begins with a vision--a glimpse into the future that foretells a terrible plot against Lord Julian Kenwood and his newborn son. Chloe's psychic gift allows her to save the child from certain death, but the earl

remains in grave peril. . . But When He Steals Her Heart. . . Julian Kenwood knows someone is trying to kill him and he suspects his scheming wife and her lover are behind the plot. But Julian is shocked when Chloe, a captivating, dark-haired stranger, warns him that sinister forces are indeed at hand--and exposes a devastating secret that changes his life forever. . . Will She Resist--Or Surrender? As Chloe reveals her plan to save Julian, neither can deny the attraction that grows each moment they're together. Chloe knows the highborn earl could never love her as she loves him. But when danger strikes closer than ever, Chloe must risk everything--or lose Julian forever. . . Praise for the Novels of Hannah Howell "Howell offers readers another captivating tale." --Booklist "Another wonderful story filled with adventure, emotion, and laughter." --Romantic Times

Marine Algae-Leonel Pereira 2014-09-26 This book is divided into three thematic areas. The first covers a revision of the taxonomy of algae, based on the algae portal, as well as the general aspects of biology and the methodologies used in this branch of marine biology. The second subject area focuses on the use of algae in environmental assessment, with an intensive implementation in Western economies and some emerging economies. The third topic is the potential use of algae in various industries including food, pharmaceuticals, cosmetics, agricultural fertilizers, and the emerging biofuels industries.

Marine Red Algae of the Hawaiian Islands-Isabella Aiona Abbott 1999 Hammer of God-Karen Miller 2009-01-01 In Ethrea, Rhian sits upon a precarious throne. Defiant dukes who won't accept her rule threaten the stability of her kingdom. Dexterity has been banished from her court in disgrace. The blue-haired slave Zandakar, the man she thought was her friend, has been revealed as the son of a woman sworn to destroy her world. And Rhian's husband, King Alasdair, is unsure of her love. The trading nations refuse to believe Mijak is a threat, and promise reprisals if she dares protect her realm. Only Emperor Han of mysterious Tzhung-tzhungchai knows that the danger from Mijak is real. But is he an ally, or an enemy in disguise? As she struggles to learn the truth, and keep her embattled crown, the murderous warhost of Mijak advances ... THE HAMMER OF GOD is the stunning finale in the Godspeaker trilogy, the new fantasy blockbuster from an author who is taking the fantasy world by storm.

The Reluctant Mage-Karen Miller 2010-07-28 It's been many months since Rafel ventured over Barl's Mountains into the unknown, in a desperate bid to seek help for their ravaged land. With his father's Weather Magic exhausted, there seemed no other hope. Now this too has died. Only Deenie believes Rafel still lives, sensing her brother in tortured dreams. She also knows she must try to find him, as only Rafel's talents can heal their land. The prospect terrifies Deenie, yet she sees no other choice. Deenie soon learns of a dangerous power. She comes to suspect that not only is her brother involved, but that the evil their father destroyed is somehow reborn. The Reluctant Mage is the sequel to The Prodigal Mage, and continues one of the most popular fantasy series of recent years.

Language Hacking French-Benny Lewis 2017-03-28 It's true that some people spend years studying French before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of French, #LanguageHacking shows you how to learn and speak French through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks - shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in French from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. You don't need to go abroad to learn a language any more.

Marine Nutraceuticals and Functional Foods-Colin Barrow 2007-08-13 Two of the most popular nutraceutical products on the market, omega-3 oil and glucosamine, were originally derived from waste products. Discarded oil from the manufacture of fishmeal became wildly popular as omega-3, a polyunsaturated fat, and the fully hydrolyzed chitosan from shrimp and crab shell, glucosamine, found wide use in joint health. Hundreds of tons of marine by-products are available annually and previous commercial success, together with an overall consumer interest in novel healthy food

ingredients, are driving both research and commercialization in the area of marine nutraceuticals. Edited by pioneers in the field, Marine Nutraceuticals and Functional Foods details information on a variety of commercially available and newly developing value-added products. Beginning with an overview of current marine nutraceuticals, the book discusses the origin of omega-3 oils, their beneficial effects on brain health, and their stabilization and delivery into functional foods. It covers the derivation and use of chitin, chitosan, and partially hydrolyzed chitosan as fat- and cholesterol absorbing agents and provides a detailed review of the health benefits and methods for the production of glucosamine. Providing an overview of the ACE-inhibitory and blood pressure reducing properties of marine proteins, it considers the functional constituents of marine algae and seaweed, including its carotenoids, and examines the cancer preventing potential of shark cartilage. The book also analyzes the use of marine microorganisms as a renewable resource and marine sources of calcium. The final chapter describes the discovery and development of a novel immunoenhancing polysaccharide complex derived from the microalgae, Chlorella. An unparalleled single-source reference to the discovery, development, and use of value-added products from marine sources, Marine Nutraceuticals and Functional Foods provides the foundation for continuing the dramatic growth in this exciting field.

Pope Eugenius IV, the Council of Basel and the Secular and Ecclesiastical Authorities in the Empire-Joachim W. Stieber 1978-01-01 Erratum slip inserted. Bibliography: p. [449]-484. Includes index.

Pius II (Aeneas Silvius Piccolomini) the Humanist Pope-Cecilia M. Ady 2019-03-08 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. Hain-Anne Chapman 2008

Landscapes-John Berger 2018-11-06 A major new work from the world's leading writer on art Landscapes, the companion volume to John Berger's highly acclaimed Portraits, explores what art tells us about ourselves. "Berger's work is an invitation to reimagine; to see in different ways," writes Tom Overton in the introduction to this volume. As a master storyteller and thinker John Berger challenges readers to rethink their every assumption about the role of creativity in our lives. In this brilliant collection of diverse pieces--essays, short stories, poems, translations--which spans a lifetime's engagement with art, John Berger reveals how he came to his own unique way of seeing. He pays homage to the writers and thinkers who influenced him, such as Walter Benjamin, Rosa Luxemburg and Bertolt Brecht. His expansive perspective takes in artistic movements and individual artists--from the Renaissance to the present--while never neglecting the social and political context of their creation. Berger pushes at the limits of art writing, demonstrating beautifully how his artist's eye makes him a storyteller in these essays, rather than a critic. With "landscape" as an animating, liberating metaphor rather than a rigid definition, this collection surveys the aesthetic landscapes that have informed, challenged and nourished John Berger's understanding of the world. Landscapes--alongside Portraits--completes a tour through the history of art that will be an intellectual benchmark for many years to come.

Reject Aeneas, Accept Pius-Pope Pius II 2006 Aeneas Sylvius Piccolomini (1405-1464, elected Pope Pius II in 1458) was an important and enigmatic figure of the Renaissance as well as one of the most prolific writers and gifted stylists ever to occupy the papacy

Bioactive Marine Natural Products-Dewan S. Bhakuni 2006-06-30 Bioactive Marine Natural Products is the first book available that covers all aspects of bioactive marine natural products. It fills the void in the literature for bioactive marine natural products. The book covers various aspects of marine natural products and it is hoped that all the major classes of bioactive compounds are included. Different classes of marine organisms and the separation and isolation techniques are discussed. The chemistry and biology of marine toxins, peptides, alkaloids, nucleosides and prostanoids are discussed in detail. Biological, toxicological and clinical evaluations are also dealt with to ensure that the book may be adopted at any stage by any practicing organic chemist or biologist, working in academia or in R and D divisions of pharmaceutical companies. Each chapter in the book includes an abstract to highlight the major points discussed in the text and concluding remarks are given. References to books, monographs, review articles and original papers are provided at the end of each chapter.

Lawyer for the Dog-Lee Robinson 2015-07-07 One of the sharpest attorneys in Charleston, S.C., Sally Baynard isn't your typical southern belle. She's certainly not what her mother hoped she'd grow up to be, especially since she divorced her husband, Family Court Judge Joe Baynard, and his historic family with their historic wealth and historic houses. Maybe Sally was never going to be a proper society lady, but her success as a public defender and family lawyer have been enough for her. She's represented murderers, burglars, drug dealers and lately has taken on some of the thorniest divorces, all cases closed with her Sally Bright Baynard wit, charm and brains. Or have they? One case she's never successfully closed is her marriage. And when Judge Joe assigns her to one of his divorce cases by appointing her as the Lawyer for the Dog -- Sherman, a miniature schnauzer-- she's forced into close quarters with him again. Juggling the needs of the dog, the angry owners, her amorous but uncommunicative ex-husband, her aging, Alzheimer's-ridden mother, and the expectations of the court is more than Sally could have imagined. And as rascally Sherman digs his way into Sally's heart, he brings along his charming vet Tony, a man who makes Sally question her views on love and marriage.

Lazer Focused-Gina Robinson 2016-08-27

If Your Wife Only Knew-Cydney Rax 2016-01-01 In this scandal-filled new series, Cydney Rax delivers a sexy tale of a doubting wife, a seductive challenge, and explosive consequences no one will ever see coming... Something's wrong with her perfect marriage, but Kiara Eason isn't sure what. Her ambitious husband, Rashad, is the last person who'd ever cheat—and she never imagined she'd stray. Still, why is she confiding so much in her handsome co-worker, Eddison? And why is she wondering what would happen if she put her marriage to the ultimate test—secretly setting Rashad up with a younger woman to see if he's tempted?... When Kiara decides to test Rashad for real, her world turns upside down. Not only does he take the bait—it turns out he's had a mistress on the side for years. Now, betrayed and furious, Kiara will take all the sizzling erotic satisfaction Eddison can give—and forever flip the script on Rashad's infidelity. But secrets cut both ways, and Kiara soon finds that the only road to winning this game could lead to losing it all... Praise for the novels of Cydney Rax "The book we can't put down." --Essence® on My Husband's Girlfriend "Fascinating, witty, and thought-provoking." -Zane on My Daughter's Boyfriend "Filled with family drama." --APOOO Book Club on My Sister's Ex My Laugh Comes Last-James Hadley Chase 2014-04-14 Farrell Brannigan, President of the National Californian Bank, is an extremely successful man.

So when he builds another bank in an up-and-coming town on the Pacific coast, he is given worldwide publicity, and this new bank is hailed as the 'safest bank in the world'. But Brannigan's success comes at a price and he makes enemies on his way up the ladder. It seems one of them is now set on revenge and determined to destroy both the bank and Brannigan himself.

Chanson Dada-Tristan Tzara 1987

I Still Love You-Daniel MacIvor 2006 Contents: Never swim alone, 1991 - The soldier dreams,1997 - You are here, 2000 - In on it,2001 - A beautiful view, 2006.

The Prodigal Mage-Karen Miller 2010-01-31 International bestseller Karen Miller returns to the world of 'Kingmaker, Kingbreaker' in this brand-new trilogy. Will they risk all to find out the truth ... or turn away forever? Years ago, at the cost of many lives, Asher defeated the dark sorcerer, Morg, and brought peace to Lur ... But now, happily raising a family, Asher realises that peace and safety are an illusion. Something has woken in Lur's earth, creating weather that threatens to tear their world apart. Asher thinks he can save Lur by wielding the dangerous magic that he loathes ... and which may take his life. Rafel, Asher's son, is a mage of great power, but he has to break free of his father to truly discover his talents. All previous expeditions over the forbidden mountains have met with disaster and death, but Rafel is determined to try. As father and son struggle to understand each other, elsewhere a great evil is brewing ... Praise for Karen Miller: 'a sorceress whose spells become books' ticonderoga online 'a blockbuster story crafted with a strong sense of wonder' Nexus

Lawless In Leather-Melanie Scott 2015-05-05 SHE'S GOOD AT HER GAME. Raina Easton never dreamed she'd end up playing ring master to a bunch of baseball cheerleaders. But when the New York Saints offers her a job to coach its new squad—the Fallen Angels—Raina can't refuse. As the owner of a burlesque club, she can certainly show the girls more than a few good moves. But as for her new boss? That is, as they say, a whole 'nother story. . . AND HE'S GOT IT BAD. Army veteran, biker, and all-around tough guy, Malachi Coulter isn't your typical sports-team owner. For one thing, he doesn't think cheerleaders belong on the baseball field. Another: he can't seem to separate business and pleasure when he meets his somewhat scandalous new employee. Seems the major-league bad boy has met his match in the gorgeous, feisty Raina. All's fair in love and baseball...could it be that, after all this time, Malachi is playing to win?
