Londonistan-Melanie Phillips  
2007 The suicide bombings carried out in London in 2005 by British Muslims revealed an enormous fifth column of Islamist terrorists and their sympathizers. Under the

noses of British intelligence, London has become the European hub for the promotion, recruitment and financing of Islamic terror and extremism - so much so that it has been mockingly dubbed Londonistan. In this ground-breaking book Melanie

Phillips pieces together the story of how Londonistan developed as a result of the collapse of traditional English identity and accommodation of a particularly virulent form of multiculturalism.

Londonistan has become a country within the country and not only threatens Britain but its special relationship with the U.S. as well.

The Complete Golden Dawn System of Magic-Israel Regardie 2019-11-06

Regardie's resonance with the Golden Dawn derived in part from the intuitive knowledge that he demonstrated in his 1932 book, *The Tree of Life*. With the sponsorship of Dion Fortune, he joined the Stella Matutina in 1933 but quickly became disillusioned with its egotistical leadership and departed less than two years

later after attaining the grade of Adeptus Minor. Three years after that, he published his landmark collection *The Golden Dawn*, making the "secret" rites and teachings of the on-again, off-again Order available to a wider public for the first time, and making possible today's resurgence of interest in the Order. Several years later, Regardie and Crowley parted company after an acrimonious public clash of personalities. Regardie returned to the United States and studied chiropractic medicine in New York. He served in the Army during World War II, and afterward moved to Los Angeles to open a chiropractic clinic and also work as a Reichian therapist. He had studied psychology and psychiatry with several notable teachers and was a strong proponent of Jungian analysis all his life, as well as the more controversial work of Wilhelm Reich. Both writers are known among the 20th century's most unique and controversial psychological theorists, whose writings straddled the border between science, religion and myth, and incorporated a strong element of sexuality. It

is easy to see how this emphasis blended well with Regardie's magical and esoteric studies.

Malpertuis-Jean Ray  
2021-05-18 The prison-like edifice of a mysterious ancient townhouse and the gloom-laden landscape of Flanders form the backdrop to this intense, unrelenting, but beautifully crafted fantasy by Belgian author Jean Ray.

What ghastly message is the slowly dying Cassave (played by Orson Welles in the screen adaptation) trying to bring us? MALPERTIUS is considered one of the greatest Gothic novels ever written.
