The Lesbian Lyre-Jeffrey M. Duban 2016-08-23 Hailed by Plato as the "Tenth Muse" of ancient Greek poetry, Sappho is inarguably antiquity's greatest lyric poet. Born over 2,600 years ago on the Greek island of Lesbos, and writing amorously of women and men alike, she is the namesake lesbian. What's left of her writing, and what we know of her, is fragmentary. Shrouded in mystery, she is nonetheless repeatedly translated and discussed - no, appropriated - by all. Sappho has most recently undergone a variety of treatments by agenda-driven scholars and so-called poet-translators with little or no knowledge of Greek. Classicist-translator Jeffrey Duban debunks the postmodernist scholarship by which Sappho is interpreted today and offers translations reflecting the charm and elegant simplicity of the originals. Duban provides a reader-friendly overview of Sappho's times and themes, exploring her eroticism and Greek homosexuality overall. He introduces us to Sappho's highly cultured island home, to its lyre-accompanied musical legends, and to the fabled beauty of Lesbian women. Not least, he emphasizes the proximity of Lesbos to Troy, making the translation and enjoyment of Homer's Iliad and Odyssey a further focus. More than anything else, argues Duban, it is free verse and its rampant legacy - and no two persons more than Walt Whitman and Ezra Pound - that bear responsibility for the ruin of today's classics in

translation, to say nothing of poetry in the twentieth century. Beyond matters of reflection for classicists, Duban provides a far-ranging beginner's guide to classical literature, with forays into Spenser and Milton, and into the colonial impulse of Virgil, Spenser, and the West at large. Infamous Desire-Pete Sigal 2003 What did it mean to be a man in colonial Latin America? More specifically, what did indigenous and Iberian groups think of men who had sexual relations with other men? Providing comprehensive analyses of how male homosexualities were represented in areas under Portuguese and Spanish control, Infamous Desire is the first book-length attempt to answer such questions. In a study that will be indispensable for anyone studying sexuality and gender in colonial Latin America, an esteemed group of contributors view sodomy through the lens of desire and power, relating male homosexual behavior to broader gender systems that defined masculinity and femininity.

The "Divine" Guido-Richard E. Spear 1997 In this highly original study of Italian baroque master Guido Reni (1575-1642), Richard Spear paints a compelling portrait of the artist - his complexities, his formative experiences, his cultural surroundings, and his unique sensibilities. Spear views Reni's career from a wide variety of perspectives and sets his life and works in social, economic, historical, artistic, religious, and psychological contexts. The author focuses first on Reni's peculiar character: a man at

once deeply religious, rabidly misogynist, reportedly virginal, neurotically fearful of witches, and addicted to gambling. The author considers the enduring charisma of Reni's Crucifixions, weeping Marys, and repentant saints in the light of the Catholic doctrinal meaning of grace in Reni's time, the Church's attitude toward Mary and women, and the gendered implications of visual grace. Chapters on Reni's pricing policies, selling strategies, use of assistants, and attitude toward what constituted an "original", expose the motivating importance of money for Reni, and the concerns, even among seventeenth-century collectors, about how to distinguish original paintings from studio replicas or copies. The book investigates the ways renaissance and baroque attitudes toward art-making affected Reni and closes with a fresh view of Reni's unfinished canvases and last style, including the Divine Love, the beautiful and unusual painting that remained in Reni's studio at the time of his death.

Long Before Stonewall-Thomas A. Foster 2007-07-01 2007 Choice Outstanding Academic Title Although the 1969 Stonewall riots in New York City symbolically mark the start of the gay rights movement, individuals came together long before the modern era to express their same-sex romantic and sexual attraction toward one another, and in a myriad of ways. Some reflected on their desires in quiet solitude, while others endured verbal, physical, and legal harassment for publicly expressing homosexual interest through words or actions. Long Before Stonewall seeks to uncover the many iterations of same-sex desire in colonial America and the early Republic, as well as to expand the scope of how we define and recognize homosocial behavior. Thomas A. Foster has assembled a pathbreaking, interdisciplinary collection of original and classic essays that explore topics ranging from homoerotic imagery of black men to prison reform to the development of sexual orientations. This collection spans a regional and temporal breadth that stretches from the colonial Southwest to Quaker communities in New England. It also includes a challenge to commonly accepted understandings of the Native American berdache. Throughout, connections of race, class, status, and gender are emphasized, exposing the deep foundations on which modern sexual political movements and identities are built.

 'Mon cas n'est pas unique'-Sabine Schrader 1999-04-15 »Vous pouvez tout raconter, [...] mais à condition de ne jamais dire Je«, schrieb Marcel Proust an André Gide. Doch Gide stand kurz vor der Veröffentlichung seiner Autobiographie "Si le grain ne meurt" (1926), die als erstes literarisches

Selbstbekenntnis zur Homosexualität in französischer Sprache gilt. Sabine Schrader rekonstruiert am Beispiel der autobiographischen Texte von André Gide, Jean Genet - "Journal du voleur" (1949) - und Violette Leduc - "La Bâtarde" (1964) - Differenzen und Analogien eines homoerotischen Diskurses in der französischen Literatur. Dabei werden die Strategien der Selbstdarstellung, die strukturierenden Kräfte und literarischen Topoi unter dem Blickwinkel der Homosexualität aufgedeckt und in ihren historischen Kontext gesetzt, um zu zeigen, wie Identität wahrgenommen und wie sich ihrer versichert wird. Literatur kann in diesem Sinne nicht nur als ein Versuch individueller Selbstfindung gelten, sondern muß auch als Beitrag zu einer kollektiven Identität verstanden werden. Die Untersuchung ist breit angelegt, geht von Ansätzen der gender- und queer-studies aus und greift insofern weit über die genannten Texte hinaus, als die Verfasserin sowohl die Vorgeschichte der Homosexualität in der französischen Literatur wie auch die neueste Entwicklung bis hin zur literarischen Umsetzung von Erfahrungen mit Aids aufgearbeitet hat.

 Bruegel's Winter Scenes-Sabine van Sprang 2019-02-12 This focused volume presents a deep exploration and new interpretations of the winter paintings of Pieter Bruegel the Elder (ca. 1525-1569). By applying new methodological approaches and interdisciplinary research to these masterpieces of Flemish Renaissance art, including Winter Landscape with Skaters and Bird Trap (1565) and The Census at Bethlehem (1566), both at the Royal Museums of Fine Arts of Belgium, the book offers an enhanced understanding of the painter's relationship to his time and the extent to which his winter landscapes were meant to reflect real-life situations. After tracing how these paintings have been understood over time, the essays propose new insights into such issues as whether Bruegel depicts the plight

of the local populace during winter and whether The Census at Bethlehem challenges or reaffirms central power structures. Abundantly illustrated, Bruegel's Winter Scenes is both a thorough examination and a celebration of these widely admired images.

Renaissance Futurities-Charlene Villaseñor Black 2019-11-05 At publication date, a free ebook version of this title will be available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. Renaissance Futurities considers the intersections between artistic rebirth, the new science, and European imperialism in the global early modern world. Charlene Villaseñor Black and Mari-Tere Álvarez take as inspiration the work of Renaissance genius

Leonardo da Vinci (1452-1519), prolific artist and inventor, and other polymaths such as philosopher Giulio "Delminio" Camillo (1480-1544), physician and naturalist Francisco Hernández de Toledo (1514-1587), and writer Miguel de Cervantes (1547-1616). This concern with futurity is inspired by the Renaissance itself, a period defined by visions of the future, as well as by recent theorizing of temporality in Renaissance and Queer Studies. This transdisciplinary volume is at the cutting edge of the humanities, medical humanities, scientific discovery, and avant-garde artistic expression.
