From the chanson française to the canzone d'autore in the 1960s and 1970s-Rachel Haworth 2016-03-03 The similarities between the chanson française and the canzone d'autore have been often noted but never fully explored. Both genres are national forms which involve the figure of the singer-songwriter, both experienced

their golden age of production in the post-World War II period and both are enduringly popular, still accounting for a large proportion of record sales in their respective countries. Rachel Haworth looks beyond these superficial similarities, and investigates the nature of the relationship between the two genres. Taking a multidisciplinary approach,

encompassing textual analysis of song lyrics, cultural history and popular music studies, Haworth considers the different ways in which French and Italian song is thought about, written about and constructed. Through an in-depth study of the discourse surrounding chanson and the canzone d'autore, the volume analyses the development of the genres' rules and rhetoric, identifying the key themes of Authority, Authenticity and Influence. The book finally considers the legacy of major artists, looking at modern perspectives on Georges Brassens, Jacques Brel, Léo Ferré, Fabrizio De André and Giorgio Gaber, ultimately affording a deeper understanding of the notions of quality and value in the context of chanson française and the canzone d'autore.

Music in Seventeenth-Century

Naples-Dinko Fabris

2017-07-05 The most

important figure of

seventeenth-century

Neapolitan music, Francesco

Provenzale (1624-1704) spent his long life in the service of a number of Neapolitan conservatories and churches, culminating in his appointment as maestro of the Tesoro di S. Gennaro and the Real Cappella. Provenzale was successful in generating significant profit from a range of musical activities promoted by him with the participation of his pupils and trusted collaborators. Dinko Fabris draws on newly discovered archival documents to reconstruct the career of a musician who became the leader of his musical world, despite his relatively small musical output. The book examines Provenzale's surviving works alongside those of his most important Neapolitan contemporaries (Raimo Di Bartolo, Sabino, Salvatore and Caresana) and pupils (Fago, Greco, Veneziano and many others), revealing both stylistic similarities and differences, particularly in terms of new harmonic practices and the use of Neapolitan language in opera. Fabris provides both a life and works study of Provenzale and a conspectus of Neapolitan musical life of

the seventeenth century which so clearly laid the groundwork for Naples' later status as one of the great musical capitals of Europe. Made in Italy-Franco Fabbri 2013-10-30 Made in Italy serves as a comprehensive and rigorous introduction to the history, sociology, and musicology of contemporary Italian popular music. Each essay, written by a leading scholar of Italian music, covers the major figures, styles, and social contexts of pop music in Italy and provides adequate context so readers understand why the figure or genre under discussion is of lasting significance to Italian popular music. The book first presents a general description of the history and background of popular music, followed by essays organized into thematic sections: Themes; Singer-Songwriters; and Stories. Carlo Gesualdo, Prince of  
Venosa, is equally celebrated  
as the composer of madrigals  
of great power and tortured  
complexity and as the  
murderer of his wife and her  
lover in flagrante delicto. His  
life and compositions are not  
unconnected. His neurotic  
sensibility found an ideal  
outlet in the mannerist

tendencies of late  
Renaissance music, and his  
works are the most extreme  
examples of those tendencies.  
Watkins's extended study of  
Gesualdo's life and works was  
originally published in 1973.  
Alongside detailed analysis of  
Gesualdo's remarkable  
madrigals and of the few  
works in other genres, it  
contained much new  
biographical material,  
particularly on the latter part  
of the composer's life. This  
new edition has been  
extensively updated, and  
contains a new chapter  
covering the research of  
recent years. The preface to

Dove il sacro si offre anche alla dissacrazione, l'autore si domanda cosa sia rimasto di autenticamente religioso in un'epoca come la nostra che più di altre registra un boom di spiritualità. Al di là delle fulgide apparenze, il Dio plurinvocato in molte lingue, in molti riti e nelle forme più svariate della religiosità, sembra essersi infatti definitivamente congedato dal mondo per lasciare null'altro che un desiderio infinito di protezione, conforto, rassicurazione: è solo il resto esangue della storia e della tradizione del cristianesimo, troppo arretrato per governare un tempo scandito dall'incalzante succedersi delle scoperte tecnico-scientifiche. Chiedendo alla tecnica di non fare ciò che può, l'etica cristiana si dimostra patetica. Ma non è migliore la condizione in cui si trova l'etica laica in un mondo reso incerto dal fatto che, oggi, la capacità di fare dell'uomo è enormemente superiore alla sua capacità di

prevedere e quindi di governare la storia. Qui nessun "Dio ci può salvare" perché la tecnica, che disabilita il sacro, è nata proprio dalla corrosione del trono di Dio..
