La Romanesca-Francesco Duscio 2014-11-03 La cucina romanescas nasce dall'incontro tra la tradizione importata dagli ebrei trapiantati nella Città eterna a seguito di vari esodi e quella contadina proveniente dalle vie consolari, lungo le quali giungevano, dall'Agro romano, verdura, formaggi, vino e animali. Una cucina popolare da sempre intimamente legata ai prodotti della terra, esaltata da sapori chiaramente identificabili e, seppure spesso realizzata con materie prime "povere", mai banale. Nascono così dai residui della lavorazione del mattatoio di Testaccio - il quinto quarto - capolavori come la Coda alla Vaccinara. Così come Gricia e Matriciana (diversamente da Amatrice, a Roma la chiamano così) sono diretta conseguenza della cucina dei pastori. Per capire come sia nata veramente la cucina romanescas è necessario approfondire intimamente le tradizioni culturali di Roma, fondersi con esse, percorrendo le tracce della memoria, orale e scritta, delle nonne romane, di osti e di artisti, oltre, naturalmente, di classici autori come Ada Boni, Livio Jannattoni, Luigi Carnacina, ecc. Per questo motivo il libro La Romanesca non è stato pensato come un semplice libro di ricette. Alla ricerca delle origini della cucina popolare, l'autore ha voluto affiancare alla parte gastronomica una serie di aneddoti e curiosità, con sconfinamenti nella leggenda, nel folclore, nella storia, nella letteratura, nel dialetto e negli usi e costumi popolari. Il libro "La Romanesca" è in fondo un elogio della "cucina bassa", il contrario di quella cucina arrogante dominata da un mercato che propone cibi industrializzati senza sapore, odore, né tanto meno stagione.

La Cucina Tradizionale del Lazio-Francesco Duscio 2020-05-11 Con questo libro sulla cucina tradizionale del Lazio, si completa il ciclo iniziato con La Romanesca Cucina Popolare e Tradizione Romana e proseguito con La Castellana. La Cucina Tradizionale dei Castelli Romani. Queste opere sono realizzate attraverso la ricerca sul modo di cucinare del popolo, secondo usi tramandati da generazioni, con l'utilizzo di ingredienti tradizionali, seguendo la stagionalità dei prodotti tipici locali. Ma è bene specificare che la cucina laziale non è solo cucina romana, tutta la regione gode infatti di una grande ricchezza di usi, ingredienti tipici e raffinatezze gastronomiche da scoprire e valorizzare. La grandissima varietà di piatti dei Castelli Romani, quelli della costa, oltre a quelli della Tuscia, della Ciociaria e della Sabina, non fanno che confermare il Lazio come terra di ricerca enogastronomica da scoprire e valorizzare.

Ancora una volta non un semplice ricettario, ma un volume sulla cultura, la storia e le tradizioni di una delle regioni italiane più ricche di tradizioni. La castellana. La cucina tradizionale dei castelli romani-Francesco Duscio 2018

Biloxi: A Novel-Mary Miller 2019-05-21 Mary

Miller seizes the mantle of southern literature with *Biloxi*, a tender, gritty tale of middle age and the unexpected turns a life can take. Building on her critically acclaimed novel *The Last Days of California* and her biting collection *Always Happy Hour*, Miller transports readers to this delightfully wry, unapologetic corner of the south—*Biloxi*, Mississippi, home to sixty-three-year-old Louis McDonald, Jr. Louis has been forlorn since his wife of thirty-seven years left him, his father passed, and he impulsively retired from his job in anticipation of an inheritance check that may not come. These days he watches reality television and tries to avoid his ex-wife and daughter, benefiting from the charity of his former brother-in-law, Frank, who religiously brings over his Chili's leftovers and always stays for a beer. Yet the past is no predictor of Louis's future. On a routine trip to Walgreens to pick up his diabetes medication, he stops at a sign advertising free dogs and meets Harry Davidson, a man who claims to have more than a dozen canines on offer, but offers only one: an overweight mixed breed named Layla. Without any rational explanation, Louis feels compelled to take the dog home, and the two become inseparable. Louis, more than anyone, is dumbfounded to find himself in love—bursting into song with improvised jingles, exploring new locales, and reevaluating what he once considered the fixed horizons of his life. With her "sociologist's eye for the mundane and revealing" (Joyce Carol Oates, *New York Review of Books*), Miller populates the Gulf Coast with Ann Beattie-like characters. A strangely heartwarming tale of loneliness, masculinity, and the limitations of each, *Biloxi* confirms Miller's position as one of our most gifted and perceptive writers.

The Anthropology of Turquoise-Ellen Meloy 2008-11-26 In this invigorating mix of natural history and adventure, artist-naturalist Ellen Meloy uses turquoise—the color and the gem—to probe deeper into our profound human attachment to landscape. From the Sierra Nevada, the Mojave Desert, the Yucatan Peninsula, and the Bahamas to her home ground on the high plateaus and deep canyons of the Southwest, we journey with Meloy through vistas of both great beauty and great desecration. Her keen vision makes us look anew at ancestral mountains, turquoise seas, and even motel swimming pools. She introduces us to Navajo

"velvet grandmothers" whose attire and aesthetics absorb the vivid palette of their homeland, as well as to Persians who consider turquoise the life-saving equivalent of a bullet-proof vest. Throughout, Meloy invites us to appreciate along with her the endless surprises in all of life and celebrates the seduction to be found in our visual surroundings.

Amnesia Moon-Jonathan Lethem 2014-03-11 In Jonathan Lethem's wryly funny novel, we meet a young man named Chaos, who's living in a movie theater in post-apocalyptic Wyoming, drinking alcohol, and eating food out of cans. It's an unusual and at times unbearable existence, but Chaos soon discovers that his post-nuclear reality may have no connection to the truth. So he takes to the road with a girl named Melinda in order to find answers. As the pair travels through the United States they find that, while each town has been affected differently by the mysterious source of the apocalypse, none of the people they meet can fill in their incomplete memories or answer their questions. Gradually, figures from Chaos's past, including some who appear only under the influence of intravenously administered drugs, make Chaos remember some of his forgotten life as a man named Moon.

The Tenth Incarnation-Yogi Mahajan 2016-10-20

Yogi Mahajan chronicles amazing moments with Shri Mataji during travels and various occasions."Before the play of the flute there was silence. But it did not mean that music was absent. In the same way the Divine was throughout conscious of its awareness. It had a face but it could not see itself, as there was no reflector. As it was alone in solitude, it could not know itself. There had to be another, through which it could be known. Thus the Braham Chaitanya manifested as the Adi Shakti. The All Pervading had to take a form. The All Pervading Ocean had to limit itself by the shores. The clouds of the All Pervading Braham Chaitanya drizzled the Chaitanya to give awakening to the universe." - H.H Shri Mataji Nirmala Devi
