Translatio Or the Transmission of Culture in the Middle Ages and the Renaissance-Laura Holden Hollengreen 2008 This volume presents an impressive array of instances of cultural translation between nations, religions, languages, genres, and media. It spans a chronological period that extends from late antiquity to the sixteenth century. Translatio or the Transmission of Culture analyses multiple forms of cultural transmission - the ancient and medieval arts of memory, the propagation of saints' cults, mechanisms of social and spiritual discipline, and the foundations of national identity - to offer a rich investigation into the formulation of cultural influence in the Middle Ages and the Renaissance. It explores the materials, methods, and contexts of translation through traditional philological and historical practices, as well as foregrounding provocative new readings of familiar sources influenced by recent research into cognition, ideology, and gender. With

something for both the seasoned scholar and the student, Translatio or the Transmission of Culture reveals some of the processes by which meaning is re-made in the present from the materials of the past. An Index to the Spanish Theatre Collection in the London Library-Karl Curtiss Gregg 1984 La rosa-Juan Pérez de Guzmán 1891 A Catalogue of Comedias Seltas in the Library of the University of North Carolina-University of North Carolina at Chapel Hill.
